NASHVILLE COTTON MARKET.-By reference to the advertisement of Messrs. SMITH, PARES & STARK, Nashville, it will be seen that a new feature has been introduced in the sale of cotton. They propose to have regular auction sales of cotton, at which the owner of the staple is to be present, to accept or reject the bids as he thinks proper. They hope by this new method to stimulate the Nashville market and secure better prices for the producer.

NEGROES DRILLING - WHAT DOES IT MEAN? On Saturday night last, about midnight, the tramp of soldiery and the repeated commands of a drill-master, disturbed the slumbers of some of our citizens .-Upon investigation the tramping heroes were discovered to be negroes. For what purpose they are drilling, and why they select the mid-night hour for their operations, have been matters of conjecture and enqui-ry during the week. We can give the special attention given to forwarding Freights. have been matters of conjecture and enquipublic no light on the subject. The city Marshall thinks they were only engaged in an innocent amusement, as he had no trouble in dispersing the squad as soon as their operations were discovered. A CLEAN RECORD .- Nashville and Decatur railroad men assert that \$100 will cover all damages to rolling stock sustained by the road since the 1st of January, by accident or otherwise, and but two connections have been missed in that time. And furthermore, that all planters throughout the State (on this side the Tenn. river) can ship their cotton to whichsoever merchant at Nashville they may prefer, and have the taxes paid on it after its arrival, as heretofore.
